

WATERING DAYS AND TIMES

No Watering Between 10:00 a.m. and 4:00 p.m.

The only exceptions are:

- Watering in lawn care chemicals (fertilizer, pesticides, insecticides, herbicides, fungicides) as directed by manufacturer or following best management practices
- Repair and/or maintenance of the irrigation system
- Water discharged from a water-cooled air conditioning system
- Watering with a hand-held hose with a shutoff nozzle

New Landscaping

New landscaping may be watered every day for 30 days after installation. Run only those zones that water the new landscaping. If you receive a violation during the 30-day period, call 407-518-2569. You will be asked to provide a receipt, invoice, cancelled check, credit card statement or some other proof that establishes the start of the 30-day period.

Do you water with:

- Drinking water
- Reclaimed water
- Other
- Don't know?

Please page down to your section.

Drinking (potable) Water Days and Times

Watering day starts and ends at midnight

Residential customers with odd street numbers (ends with 1, 3, 5, 7, or 9)

- Wednesday and Saturday

Residential customers with even street numbers (ends with 0, 2, 4, 6, or 8)

- Thursday and Sunday

Non-residential customers (businesses, schools, government, churches, subdivision common areas, recreation areas, medians)

- Monday and Friday

Subdivisions along the east end of Boggy Creek Road also have watering times:

SUBDIVISION	WATERING TIMES
Turnberry Reserve	10:30 p.m. - 12:00 midnight
North Shore	12:00 midnight - 1:30 a.m.
Fells Cove	1:30 a.m. - 3:30 a.m.
Springlake Village	3:30 a.m. - 5:00 a.m.
Raintree	3:30 a.m. - 5:00 a.m.

Reclaimed Water Days and Times (by subdivision)

Reclaimed water will be turned on no later than 9:00 a.m. on the designated day

A reclaimed watering day is 24-hour period that starts at 9:00 a.m., and continues past midnight until 9:00 am of the following day.

This means that if you want to water in the early morning hours, you would set your controller for the day after your watering day.

Example: If your watering days are Saturday and Wednesday, and you wanted to start irrigating at 3:00 a.m., you would set the controller run days to Sunday and Thursday.

SUBDIVISION / BUSINESS	RECLAIMED WATERING DAYS
Acadia Estates	TUESDAY, FRIDAY
Ashbrook	MONDAY, THURSDAY
Avilla	SATURDAY, WEDNESDAY

Windsor Oaks	SATURDAY, WEDNESDAY
Windsor Palms	SATURDAY, WEDNESDAY
Windward Cay	SATURDAY, WEDNESDAY

Irrigation with Other Water Sources

Includes: wells, stormwater ponds, lakes, rivers, etc.

Your watering days and times are the same as for drinking (potable) water irrigation per regulation of the South Florida Water Management District.

Don't Know

Take a look at your water bill, in the Toho Water Authority section of the bill. Look at the left-most column titled Service Type

- Water is your indoor water use. If you only have Water on the bill and have an irrigation system, you are watering with drinking (potable) water
- Irrigation means you are watering with drinking (potable) water through an irrigation meter
- Reclaimed Water means you are watering with reclaimed water

Or call us and ask, 407-518-2569

Violations

Toho Water Authority – Water Waste Resolution prohibits:

- Irrigating outside of designated watering days
- Irrigating outside of designated watering times
- Leaks in the irrigation system
- Over-watering that causes significant runoff into adjacent property or right of way
- Watering after significant rainfall (A functioning rain sensor is required)

Penalties:

Violators will receive at least one warning, and generally two warnings. However, refusal to correct a wasteful situation or a pattern of repeated violations may cause irrigation or reclaim water service to be discontinued. There are no monetary fines.

Repeat offenders will receive a certified letter that includes a shutoff date.

- To avoid having your irrigation or reclaimed meter locked, you must schedule an inspection (call 407-518-2569 to schedule).
- If the meter is locked after the shutoff date and you wish to resume service, you must call and schedule an inspection.
- To pass the inspection, the controller must be set to comply with designated watering days and times, must have a functioning rain sensor, and must be reasonably free of leaks.

Violations are tracked by customer rather than by location. If you have more than one property, violations at some or all of your properties could accumulate and result in a shutoff notice for all properties.

If You Received a Violation in Error

Please call 407-518-2569.

Violations can be Cancelled or Rescinded

Attend the Irrigation Maintenance for Homeowners workshop

Attending this two hour, no-cost workshop will cancel your violation(s). It is typically provided once a month, either on a workday evening or a Saturday morning.

November 5, 2008, Wednesday, 6:00 – 8:00 pm

January 24, 2009, Saturday, 9:00 – 11:00 am

February 11, 2009, Wednesday, 6:00 – 8:00 pm

April 4, 2009, Saturday, 9:00 – 11:00 am

May 12, 2009, Tuesday, 6:00 – 8:00 pm

June 20, Saturday, 9:00 – 11:00 am

July 15, 2009, Wednesday, 6:00 – 8:00 pm

August 17, 2009, Monday, 9:00 – 11:00 am

September 12, 2009, Saturday, 9:00 – 11:00 am

All classes held at:

Osceola County Extension Office

Osceola Heritage Park

1921 Kissimmee Valley Ln.

Kissimmee, FL 34744

Call 407-518-2578 to register.

Attending an Irrigation Maintenance class held by City of St Cloud will also rescind your violation
