

NeoCity Reservoir Project

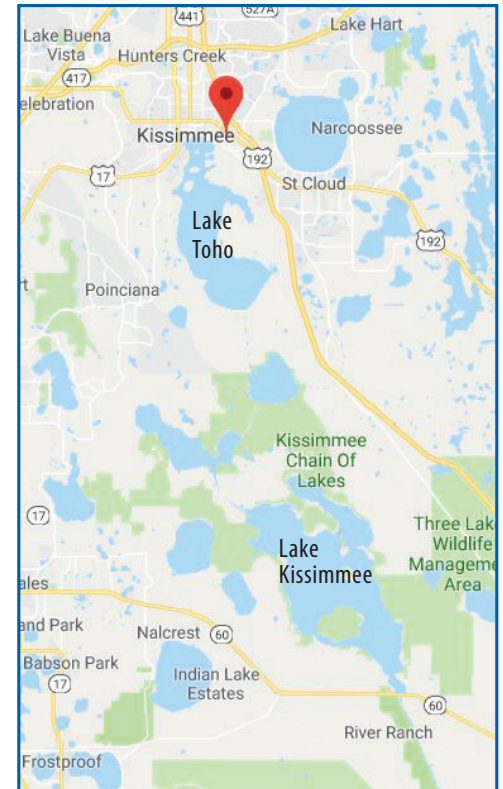

A collaborative project between **TOHO WATER AUTHORITY** and **OSCEOLA COUNTY** to construct a **400 MILLION GALLON** reservoir.

Rendering of Neo City technology district and reservoir.

ON THE MAP:

The reservoir is situated near Lake Toho between Neptune Road and U.S. 192.

IT'S PART OF NEOCITY

The 130-acre reservoir is part of the 500-acre NeoCity technology district which is currently underway. The reservoir will play a vital role in the district's aesthetics and future recreational activities.

WATER SUPPLY

The reservoir is permitted to provide **8.2 MILLION GALLONS DAILY** of water captured from storm and surface water to supplement Toho's reclaimed water supply.

BENEFITING THE ENVIRONMENT

- **YEARLY REMOVAL** of up to 25,500 pounds of Total Nitrogen and 2,700 pounds of Total Phosphorous from storm and surface water prior to discharge into **LAKE TOHO, LAKE KISSIMMEE, LAKE OKEECHOBEE** and other environmentally sensitive water bodies.
- Protects and preserves our potable water resources.

TIMELINE

Reservoir:

- Construction underway
- Completion anticipated Dec. 2019

Onsite Water Treatment Facility:

- Design 2020
- Construction 2022
- Completion 2024
