Lifted: Honeywood Drive area precautionary boil water advisory

Kissimmee, Florida – The precautionary boil water advisory has been lifted. Customers are no longer advised to boil their water prior to consumption.

###

Honeywood Drive area precautionary boil water advisory

Kissimmee, Florida - Toho Water Authority (Toho) is announcing that once service is restored, a precautionary boil water advisory will be in effect for customers located in the Honeywood Drive area in Kissimmee. Customers at the following addresses are within the advisory area.

- 134, 136, 138 and 140 Honeywood Drive

This is due to a water line break due to contractor work in the area. Service is expected to be restored by 8 p.m. Schedules may change due to weather or unforeseen circumstances. The precautionary boil water advisory will be in effect until lifted by Toho.

As a precautionary measure, customers are advised to boil their water for one minute prior to consumption (drinking, cooking, making ice, brushing teeth or washing dishes). As an alternative bottled water may be used. Water used for laundry or bathing/showering does not need to be boiled.

A two-day minimum of regulatory testing is required to make sure the water meets drinking water standards. An update will be provided by Thursday, September 25.

For more information, contact Toho's customer service at 407-944-5000 or visit our News & Alerts section on tohowater.com.

###

Toho Water Authority (Toho) is the largest provider of water, wastewater and reclaimed water services in Osceola County. Formed in 2003 by a special act by the Florida Legislature, it currently serves over 160,000 customers in St. Cloud, Kissimmee, Poinciana and unincorporated areas of Osceola Polk and Orange counties.
