Canoe Creek and Nolte Road precautionary boil water advisory

09.29.25 - Toho Water Authority (Toho) has issued a precautionary boil water advisory for customers in the area of Canoe Creek and Nolte Road (see map below).

This is due to water main being hit by a contractor working in the area. The precautionary boil water advisory which is in effect for that area including Teka Village, Sawyer Estates Apartments, Woodland Terrace Apartments, and Solaris Healthcare Osceola, will be in effect until lifted by Toho.

As a precautionary measure, customers are advised to boil their water for one minute prior to consumption (drinking, cooking, making ice, brushing teeth or washing dishes). As an alternative bottled water may be used. Water used for laundry or bathing/showering does not need to be boiled.

A two-day minimum of regulatory testing is required to make sure the water meets drinking water standards. An update will be provided by Wednesday, October 1.

For more information, contact Toho's customer service at 407-944-5000 or visit our News & Alerts section on tohowater.com.
