

FOR IMMEDIATE RELEASE

Lifted: Buenaventura Boulevard area precautionary boil water advisory

October 4, 2025 - The advisory has been lifted. Customers are no longer advised to boil their water prior to consumption.

###

Buenaventura Boulevard area precautionary boil water advisory

October 1, 2025 - Toho Water Authority (Toho) is announcing that once service is restored, a precautionary boil water advisory will be in effect for customers located in the Buenaventura Boulevard area (see map below).

This is due to a water line break due to contractor work in the area. Service is expected to be restored by 1 a.m. Schedules may change due to weather or unforeseen circumstances. The precautionary boil water advisory will be in effect until lifted by Toho.

As a precautionary measure, customers are advised to boil their water for one minute prior to consumption (drinking, cooking, making ice, brushing teeth or washing dishes). As an alternative bottled water may be used. Water used for laundry or bathing/showering does not need to be boiled.

A two-day minimum of regulatory testing is required to make sure the water meets drinking water standards. **An update will be provided by Saturday, October 4.**

For more information, contact Toho's customer service at 407-944-5000 or visit our News & Alerts section on tohowater.com.
