Lifted: Dundee Lane precautionary boil water advisory

Kissimmee, Florida - The precautionary boil water advisory has been lifted. Customers are no longer advised to boil their water prior to consumption. Water filters do not need to be cleaned or replaced.

###

Dundee Lane precautionary boil water advisory

Kissimmee, Florida - Toho Water Authority (Toho) has issued a precautionary boil water advisory for customers located from 102 to 116 Dundee Lane, Kissimmee FL, 34758.

This is due to a contractor-caused water line break in the area. The precautionary boil water advisory will be in effect until lifted by Toho.

As a precautionary measure, customers are advised to boil their water for one minute prior to consumption (drinking, cooking, making ice, brushing teeth or washing dishes). As an alternative, bottled water may be used. Water used for laundry or bathing/showering does not need to be boiled.

A two-day minimum of regulatory testing is required to make sure the water meets drinking water standards. An update will be provided by Sunday, March 8, 2026.

For more information, contact Toho's customer service at 407-944-5000 or visit our News & Alerts section on tohowater.com.

###

Toho Water Authority (Toho) is the largest provider of water, wastewater and reclaimed water services in Osceola County. Formed in 2003 by a special act by the Florida Legislature, it currently serves over 160,000 customers in St. Cloud, Kissimmee, Poinciana and unincorporated areas of Osceola Polk and Orange counties.
