Planned disruption of service/precautionary boil water advisory for Minnesota Avenue

Kissimmee, Florida – A planned disruption of service will occur at 11 p.m. on Thursday, March 19, 2026, for customers located on Minnesota Avenue between 14th Street and 10th Street in St. Cloud.

This is due to a water line repair in the area. Service is expected to be restored by 1 a.m. on Friday, March 20, 2026. Schedules may change due to weather or unforeseen circumstances.

Once service is restored, customers are advised as a precautionary measure to boil their water for one minute prior to consumption (drinking, cooking, making ice, brushing teeth or washing dishes). As an alternative bottled water may be used. Water used for laundry or bathing/showering does not need to be boiled.

The precautionary boil water advisory will be in effect until lifted by Toho.

Once service is restored, a two-day minimum of regulatory testing is required to make sure the water meets drinking water standards. **An update will be provided by Sunday, March 22, 2026.**

For more information, contact Toho's customer service at 407-944-5000.

Use the interactive map

Once the advisory is in effect, enter your address in the interactive map to see if you're in the advisory area. Due to circumstances outside of Toho's control, the map may not reflect real-life conditions. [Click here for interactive advisory map.](#)

###

Toho Water Authority (Toho) is the largest provider of water, wastewater and reclaimed water services in Osceola County. Formed in 2003 by a special act by the Florida Legislature, it currently serves over 160,000 customers in St. Cloud, Kissimmee, Poinciana and unincorporated areas of Osceola Polk and Orange counties.
