

Lifted: Teka Village and Nolte Road area precautionary boil water advisory

April 1, 2026 - The advisory has been lifted. Customers are no longer advised to boil their water prior to consumption. Water filters do not need to be cleaned or replaced.

###

Once service is restored, a precautionary boil water advisory will be in effect Teka Village and Nolte Road area customers

March 30, 2026 - Toho Water Authority (Toho) is announcing that once service is restored, a precautionary boil water advisory will be in effect for customers located at (map below):

- Teka Village
- Woodland Terrace Apartments
- 4201 Nolte Road

This is due to a water line break caused by a contractor working in the area. Service is expected to be restored by 8 p.m. Schedules may change due to weather or unforeseen circumstances. The precautionary boil water advisory will be in effect until lifted by Toho.

As a precautionary measure, customers are advised to boil their water for one minute prior to consumption (drinking, cooking, making ice, brushing teeth or washing dishes). As an alternative bottled water may be used. Water used for laundry or bathing/showering does not need to be boiled.

Once service is restored, a two-day minimum of regulatory testing is required to make sure the water meets drinking water standards. An update will be provided by Wednesday, April 1.

For more information, contact Toho's customer service at 407-944-5000 or visit our News & Alerts section on tohowater.com.
