Lifted: Once service is restored, a precautionary boil water advisory will be in effect for customers in the Patrick Street area

Kissimmee, Florida - The advisory has been lifted. Customers are no longer advised to boil their water prior to consumption. Water filters do not need to be cleaned or replaced.

###

Once service is restored, a precautionary boil water advisory will be in effect for customers in the Patrick Street area

Kissimmee, Florida (Saturday, April 18, 2026) - Toho Water Authority (Toho) is announcing that once service is restored, a precautionary boil water advisory will be in effect for customers located at

- 2 Courthouse Square
- 519, 809, 811, 1013, 1017, 1021 Patrick Street
- 122 South Dillingham

This is due to a water line break in the area. Service is expected to be restored by 2 p.m. Schedules may change due to weather or unforeseen circumstances. The precautionary boil water advisory will be in effect until lifted by Toho.

As a precautionary measure, customers are advised to boil their water for one minute prior to consumption (drinking, cooking, making ice, brushing teeth or washing dishes). As an alternative bottled water may be used. Water used for laundry or bathing/showering does not need to be boiled.

Once service is restored, a two-day minimum of regulatory testing is required to make sure the water meets drinking water standards. An update will be provided by Monday, April 20.

For more information, contact Toho's customer service at 407-944-5000 or visit our News & Alerts section on tohowater.com.

###

Toho Water Authority (Toho) is the largest provider of water, wastewater and reclaimed water services in Osceola County. Formed in 2003 by a special act by the Florida Legislature, it currently

serves over 170,000 connections in St. Cloud, Kissimmee, Poinciana and unincorporated areas of Osceola Polk and Orange counties.
