

Toho Water Carter Dr. & N. Central Ave. Line Improvement

What This Project Brings to Our Community

We are upgrading water and sewer services along Sunset Dr., Carter Dr., and N. Central Ave. to better serve our neighbors. This essential project will enhance service reliability and boost the supply of clean drinking water while providing better sewer lines for residents and businesses.

Project Highlights:

- **Sunset Dr.:** Replacing approximately 1,200 feet of sanitary sewer lines and 1,350 feet of drinking water pipes.
- **Carter Dr. & N. Central Ave.:** Installing 1,200 feet of gravity main and 1,350 feet of new drinking water pipes.

2026

work begins on this project in Oct. '26

2027

we plan to finish this project in June of this year

\$4M

anticipated cost to bring these improvements
