

Toho Water Harmony WTP Upgrades & Expansion

We are excited to share that we are upgrading and expanding our Harmony Water Treatment Facility located in St. Cloud. By doubling the plant's treatment capacity to **2.6 million gallons a day** (*enough to fill roughly 26 million standard water bottles*), these improvements will help us meet our area's increasing needs while keeping your water service strong, steady, and dependable for years to come.

2025

construction started in
August of this year

2027

target date to end
construction

\$57m

Anticipated budget for
this expansion and
upgrade
