FOR IMMEDIATE RELEASE

Lifted: S Orlando Avenue precautionary boil water advisory

11.01.26 - The precautionary boil water advisory has been lifted. Customers are no longer advised to boil their water prior to consumption. Water filters do not need to be cleaned or replaced.

###

S Orlando Avenue disruption of service/precautionary boil water advisory

10.30.26 – Toho Water (Toho) is announcing that once service is restored, a precautionary boil water advisory will be in effect for customers on S. Orlando Avenue between W. Bryran Street and Emmett Street (see map below).

This is due to a needed repair on a water line in the area. Service is expected to be restored by 12 a.m. Schedules may change due to weather or unforeseen circumstances.

Once service is restored, customers are advised as a precautionary measure to boil their water for one minute prior to consumption (drinking, cooking, making ice, brushing teeth or washing dishes). This includes filtered water. As an alternative bottled water may be used. Water used for laundry or bathing/showering does not need to be boiled.

The precautionary boil water advisory will be in effect until lifted by Toho.

Once service is restored, a two-day minimum of regulatory testing is required to make sure the water meets drinking water standards. **An update will be provided by Monday, November 2**.

For more information, contact Toho's customer service at 407-944-5000 or visit our News & Alerts section on tohowater.com.

Use the interactive map

Once the advisory is in effect, enter your address in the interactive map to see if you're in the advisory area. Due to circumstances outside of Toho's control, the map may not reflect real-life conditions. Click here for interactive advisory map.

###

Toho Water Authority (Toho) is the largest provider of water, wastewater and reclaimed water services in Osceola County. Formed in 2003 by a special act by the Florida Legislature, it currently serves over 160,000 customers in St. Cloud, Kissimmee, Poinciana and unincorporated areas of Osceola Polk and Orange counties.
